OBJECTIVE

Frontend and Mobile Application Developer with nearly 3 years of professional experience and hands-on full-stack development experience. Skilled in React.js, Next.js, React Native, Node.js, Express.js, PostgreSQL and Prisma ORM, with experience building REST APIs, authentication, payment integration and real-time applications.

EDUCATION

Master of Computer Applications (MCA) Anna University	2020 – 2022
---	-------------

Bachelor of Computer Applications (BCA) Manonmaniam Sundaranar University	2017 – 2020
---	-------------

SKILLS

Frontend	React.js, Next.js, HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), TypeScript
Mobile	React Native, Expo, Expo EAS Build
Backend	Node.js, Express.js, REST APIs, JWT, bcrypt, Zod, Socket.IO
Database	PostgreSQL, Prisma ORM, MongoDB, MySQL
State Management	Redux, MobX, Zustand, TanStack Query, SWR
Tools	Git, GitHub, Axios, Jest, AWS (EC2, S3), Storyblok CMS

EXPERIENCE

Application Developer Mannai Tech, Bahrain	Sep 2023 – Dec 2025
--	---------------------

- Designed and maintained responsive web applications and admin dashboards using React.js, Next.js, TypeScript and Tailwind CSS.
- Created reusable UI components with pagination, filtering, sorting and responsive layouts.
- Integrated REST APIs and managed application state using Redux, MobX and Zustand.
- Delivered cross-platform mobile applications using React Native (Expo) for customer, driver and warehouse modules.
- Improved application performance through lazy loading, code splitting and efficient API handling.
- Worked closely with backend developers, QA engineers and designers to deliver production-ready features.

Frontend Developer Mannai Tech, Bahrain	Apr 2023 – Sep 2023
---	---------------------

- Developed responsive and interactive user interfaces using React.js, HTML5, CSS3 and JavaScript.
- Collaborated with the development team to implement new features and maintain existing applications.

PROJECTS

White House Laundry

- Designed web and mobile applications for Admin, Retail, Warehouse, Customer and Driver platforms.
- Integrated REST APIs, authentication, real-time chat and responsive user interfaces.
- Delivered reusable components and optimized application workflows across multiple platforms.

SNASS Corporate Website

- Created a CMS-driven corporate website using React.js, Tailwind CSS and Storyblok CMS.
- Optimized performance, responsiveness and content management for a better user experience.

Full-Stack E-Commerce

- Designed and developed a full-stack e-commerce application using React.js, Node.js, Express.js, PostgreSQL and Prisma ORM.
- Integrated JWT authentication, PayPal payment gateway and RESTful APIs.
- Added real-time notifications and live order updates using Socket.IO with complete order management.
